MEMORANDUM FOR: Acting Deputy Director (Administration)

SUBJECT: Security Hearing Board Procedures.

1. As you know, under Executive Order 10450, the Civil Service Commission maintains a roster of individuals nominated for Security Hearing Board assignments in the departmental area. The Commission also maintains a separate roster for Department of Defense use only. Copies of current rosters for both groups are attached.

2. We have been in touch with the Department of Justice to inquire whether there would be any objection to our approaching the Department of Defense with a request that we be permitted to utilize the members on the Defense roster. We have been told that the Department of Justice has no objection to our making such an approach, but we have been asked to not indicate Justice approval or disapproval of the idea.

3. I have learned that a Mr. Ralph Stohl, code 131, extension 55104, is primarily concerned with Hearing Boards at the Department of Defense level. Advice is requested as to whether you wish this Office to approach the Department of Defense on this matter.

George E. Maloon  
Personnel Director
